CEO - MESSAGE

It's our pleasure to introduce you to the vision of our company, Glass Solutions – Level Business Company in the Sultanate of Oman. Here, you will find a comprehensive, in-depth review of our company, reflecting ongoing growth and current success. Today, change and competition are everywhere, but our continuous improvements have made us one of the best.

Glass Solutions has sought to adapt quickly to customer needs and requirements in the way we operate, as well as a relentless quest for sustainable growth.

At Glass Solutions, we have always found excitement in challenge. As you browse through this PORTFOLIO, you will get a sense of the passion, expertise, reliability, and innovative nature that we bring to our mission.

We at Glass Solutions are proud and believe that teamwork is the key to success. We have many trained professionals who are always committed to achieving impressive results.

Chief Executive Officer.
Ahmad Saif

WHO WE ARE

GLASS SOLUTIONS

Since 2016

Under CR name: Level Business Company
Based in Muscat – Sultanate of Oman

SHOWROOMS

In Muscat

We have 3 Showrooms: Ruwi, Mabela & The
Head office in Authiba - 18th Nov. St.

FACTORIES

in Misfah

- Aluminum & UPVC Factory
- Glass & DGU Workshop
- Metal & Cast Workshop
- Powder Coat Plant
- Laser Fiber (CNC)

SATISFIED CLIENTS

+4700

STAFF

+160

BRANCHES

+7

A full range of solutions for glass requirements.

Competitive prices & options within your aspirations.

On time delivery.

Technical support.

We can expertly manage projects of various sizes.

Qualified & trained staff to serve you.

WITH YOU STEP BY STEP

Our expert team provides customers with relevant and in-depth knowledge of products and service selections.

Our trained staff utilizes their specialized knowledge to guide decision-making and deliver complete, customized and innovative glass solutions.

Upon receiving your inquiry, we will discuss your special requirements & any relevant suggestions regarding design & provide technical advice.

We will then prepare a sample for your reference and approval (depending on the product).

We start cutting glass or metal according to the high quality standards that our customers expect.

We determine the date of installation based on the readiness of the site and the equipment required to be present on site.

After the completion of supply and installation on site, our customer service team will ensure that your requirements are met according to your expectations.

Later, we thank you for writing your comments and sharing your unique experience with family and friends.

OUR FACTORY

Our factories, equipped with the highest standard machines, redefine excellence in glass and metal fabrication. Safety is our utmost priority, with rigorous adherence to international standards and regular inspections ensuring a secure working environment. From cutting-edge CNC machines to state-of-the-art robotic automation, we leverage innovation to guarantee precision and efficiency in every product. With a relentless pursuit of perfection, we ensure that every piece leaving our facilities reflects our dedication to excellence. Join us at Glass Solutions, where innovation and quality converge to shape the future of fabrication.

POWDER COATING

At Glass Solutions, we use a high-quality powder coating system that meets international standards for aluminum, cast, and steel. Approved global materials, precise surface treatment, and strict quality control ensure durability, colour stability, and long-term weather resistance.

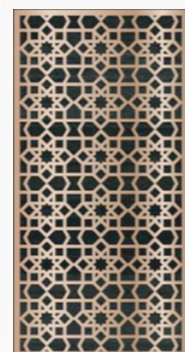

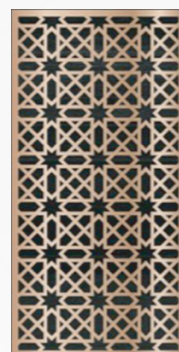

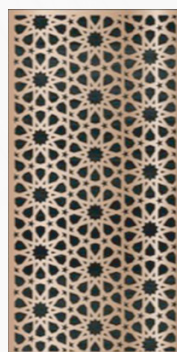

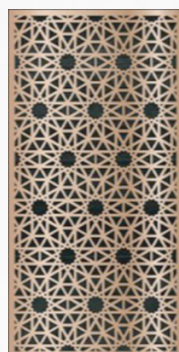

LASER FIBER CNC

We always strive for continuous development by owning the best types of machines that deliver high-quality output. We are currently carrying out a wide range of precision cutting works using advanced Fiber Laser CNC technology, ensuring accuracy, efficiency, and consistent results.

FIBER LASER CUTTING MACHINE

CAST ALUMINIUM DIVISION

In our Cast Aluminium Division, we employ specialized machinery tailored for efficient and precise fabrication. This includes the Cast Aluminum Cutting Machine, Air Compressor, and Laser Welding Machine. With these tools, we ensure the seamless production of cast aluminium components, meeting the stringent requirements of diverse applications.

ALUMINUM

Aluminum is your best choice.

Aluminum is a silvery, lightweight, heavy-duty and corrosion-resistant material. The features of the aluminum frame are the possibility of placing double glazing (DGU) that will provide sound insulation and energy savings through the glass that reflects light and heat. Aluminum can be coated with special color materials to prevent scratches and fading.

ALUMINUM DOORS & WINDOWS

CURTAIN WALL

DOORS

Which door is better?

When it comes to choosing between two things, Before we start the comparison, there are many factors, including the design, the need, the desired appearance, safety, and security. In Glass Solutions we provide everything listed above to meet your requirements.

FOLDING DOOR

SLIDING DOOR

AUTOMATIC DOOR

STAIRCASE

The Beauty of Staircases

Stairs design is a very creative system as it takes into consideration the structure of the building, the comfort, the overall design and most importantly, structural safety specifications. At Glass Solutions, learn more about the types and shapes of stairs.

HELICAL STAIRCASE

MODERN FLOATING

WALL SIDE STAIRCASE

HANDRAILS

What are the best types of handrails & railing for stairs?

When it comes to choosing between two things, it's really hard to make a decision. Before we start the comparison here are many factors, including the design, the need, the desired appearance, safety, security, & most importantly your privacy.

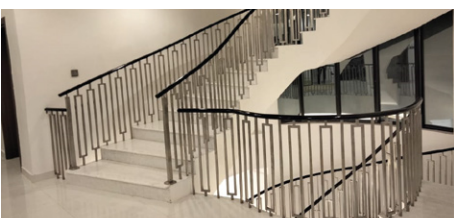

GLASS HANDRAIL

MODERN CURVED GLASS (BEND)

STAINLESS STEEL HANDRAIL

PERGOLA AND WPC

We innovate & inspire our customers

Creating an outdoor space that's as inviting and beautiful as the rest of your home. Custom designs are an excellent choice for pergola roofing due to their affordability and high light transmission rate.

PERGOLA

WPC

SKYLIGHT

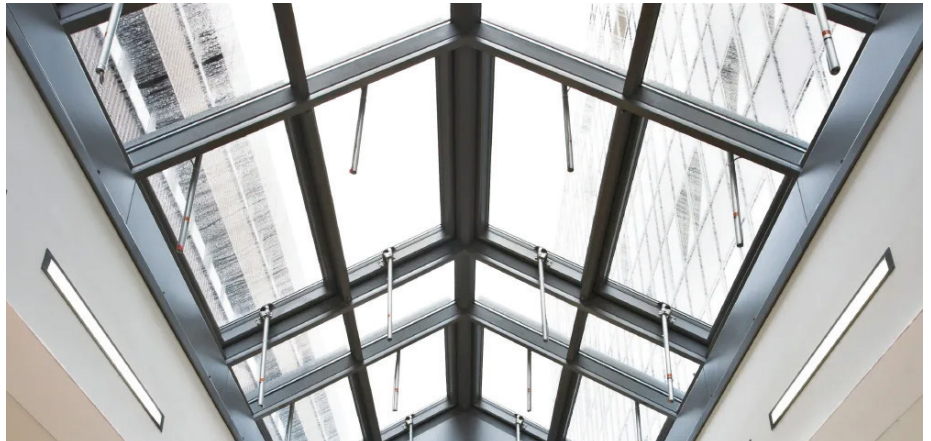

Roof window unit

For product quality, we use the best materials, Glass Solutions has a professional engineering team that provides you with the appropriate specifications for your project to feel secure in the installation details

DOME

PYRAMID

FLAT

CAST ALUMINUM

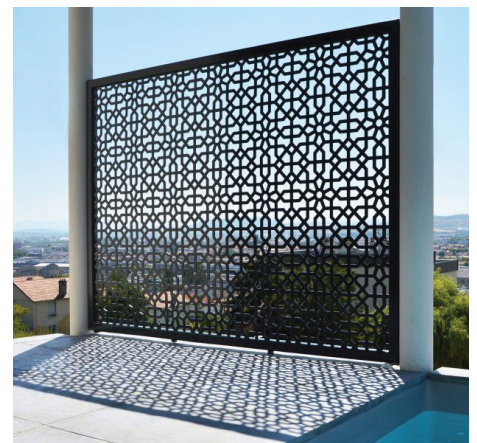

Customized creative design. Now you can bring your imagination to life.

At Glass Solutions, we provide many options, shapes & sizes to fit all your needs. Adding elegance and modernity is our scope, to provide you with a bright and modern entrance design.

CUBICLE SHOWER DOOR

SLIDING SHOWER DOOR

MIRRORS & BACKSPLASH

Mirror is a great wall decoration for your place.

At Glass Solutions, we provide the appropriate sizes for many options, shapes and sizes to fit all your needs. If you want to add elegance and modernity to your bathroom, entrance, or anywhere, we have the best option for you.

MIRRORS

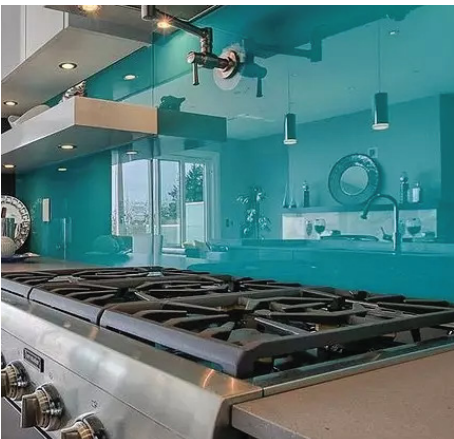

DECORATION MIRRORS

BACKSPLASH

Colored glass wall cladding provides a striking and easily maintained wall surface that is ideal in a wide range of commercial and residential interiors.

ELEVATION

Glass is always an excellent choice

In architecture, the facade is one of the building's most important exterior elements. The facade sets expectations and defines the feel of the overall structure. It can also help achieve the goal of blending in with the surroundings or standing out from the crowd.

FRONT SHOP GLAZING

OFFICE PARTITIONS

SMART SOLUTIONS

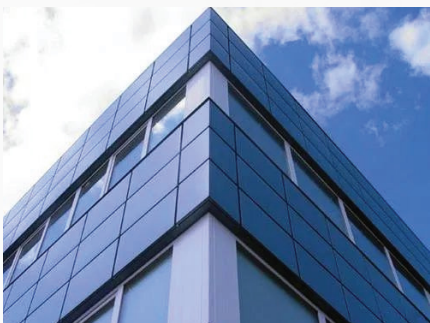

Smart Glass

The partially glazed building with smart glass can be designed to take advantage of natural daylight without compromising connectivity to the outdoors, making smart glass well suited for projects aiming for sustainability certifications. By blocking out sunlight on hot days and harnessing the sun's energy on cold days. Smart glass greatly reduces energy demand and the need for heating, ventilation, and air conditioning.

PROJECTS & ACCESSORIES للمشاريع والإكسسوارات

Glass Solutions Company is known throughout Oman and the Gulf region as a professional, fair, reputable company that provides Windows, Shower Doors, Stairs, Handrails, Aluminum, Curtain Wall, Glass and Mirror services. Our talented craftsmen take up the challenge of building unique designs of all styles and with different materials. They always ensure that the work is not only aesthetically pleasing, but also compliant with code. Our dynamic installers are equipped to overcome challenges and dedicated to timely delivery. We have served homeowners and commercial/retail building owners in Oman.

We have 3 showrooms and 4 workshops that are spread all over the Sultanate. We are striving to be recognized as a professional glass company worldwide.
