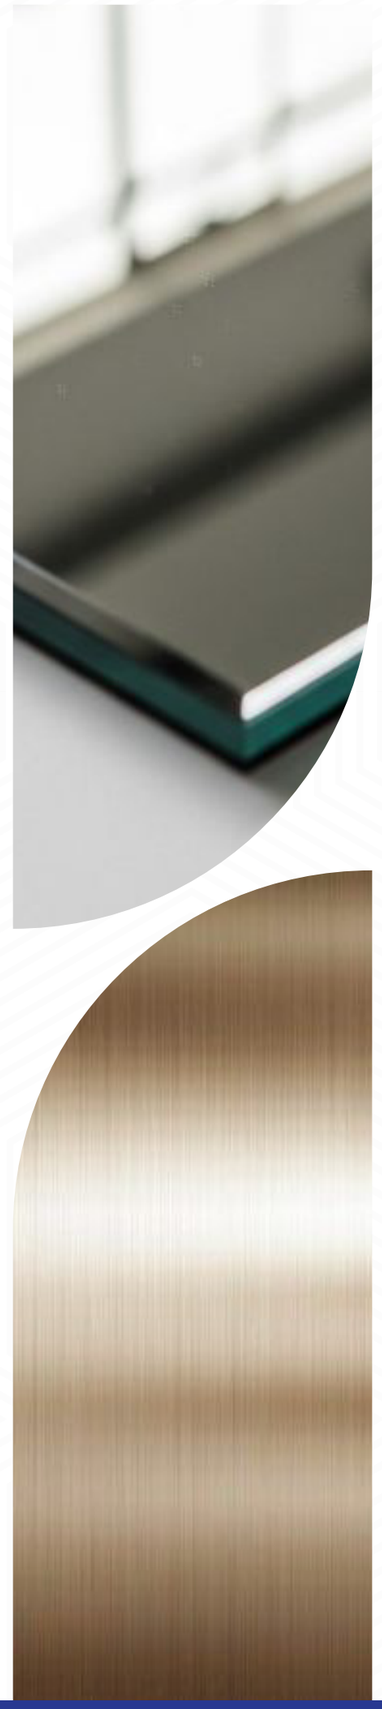
OUR MATERIALS & TECHNOLOGY

- Mirror
- Wood
- Canvas
- Marble
- Aluminum
- Stainless Steel (SS)



WHAT IS CNC?

CNC (Computer Numerical Control) technology enables precise cutting on a metal materials, allowing the creation of customized decorative and architectural designs with exceptional accuracy and quality.

RECOMMENDED CNC PANEL SIZES

Small

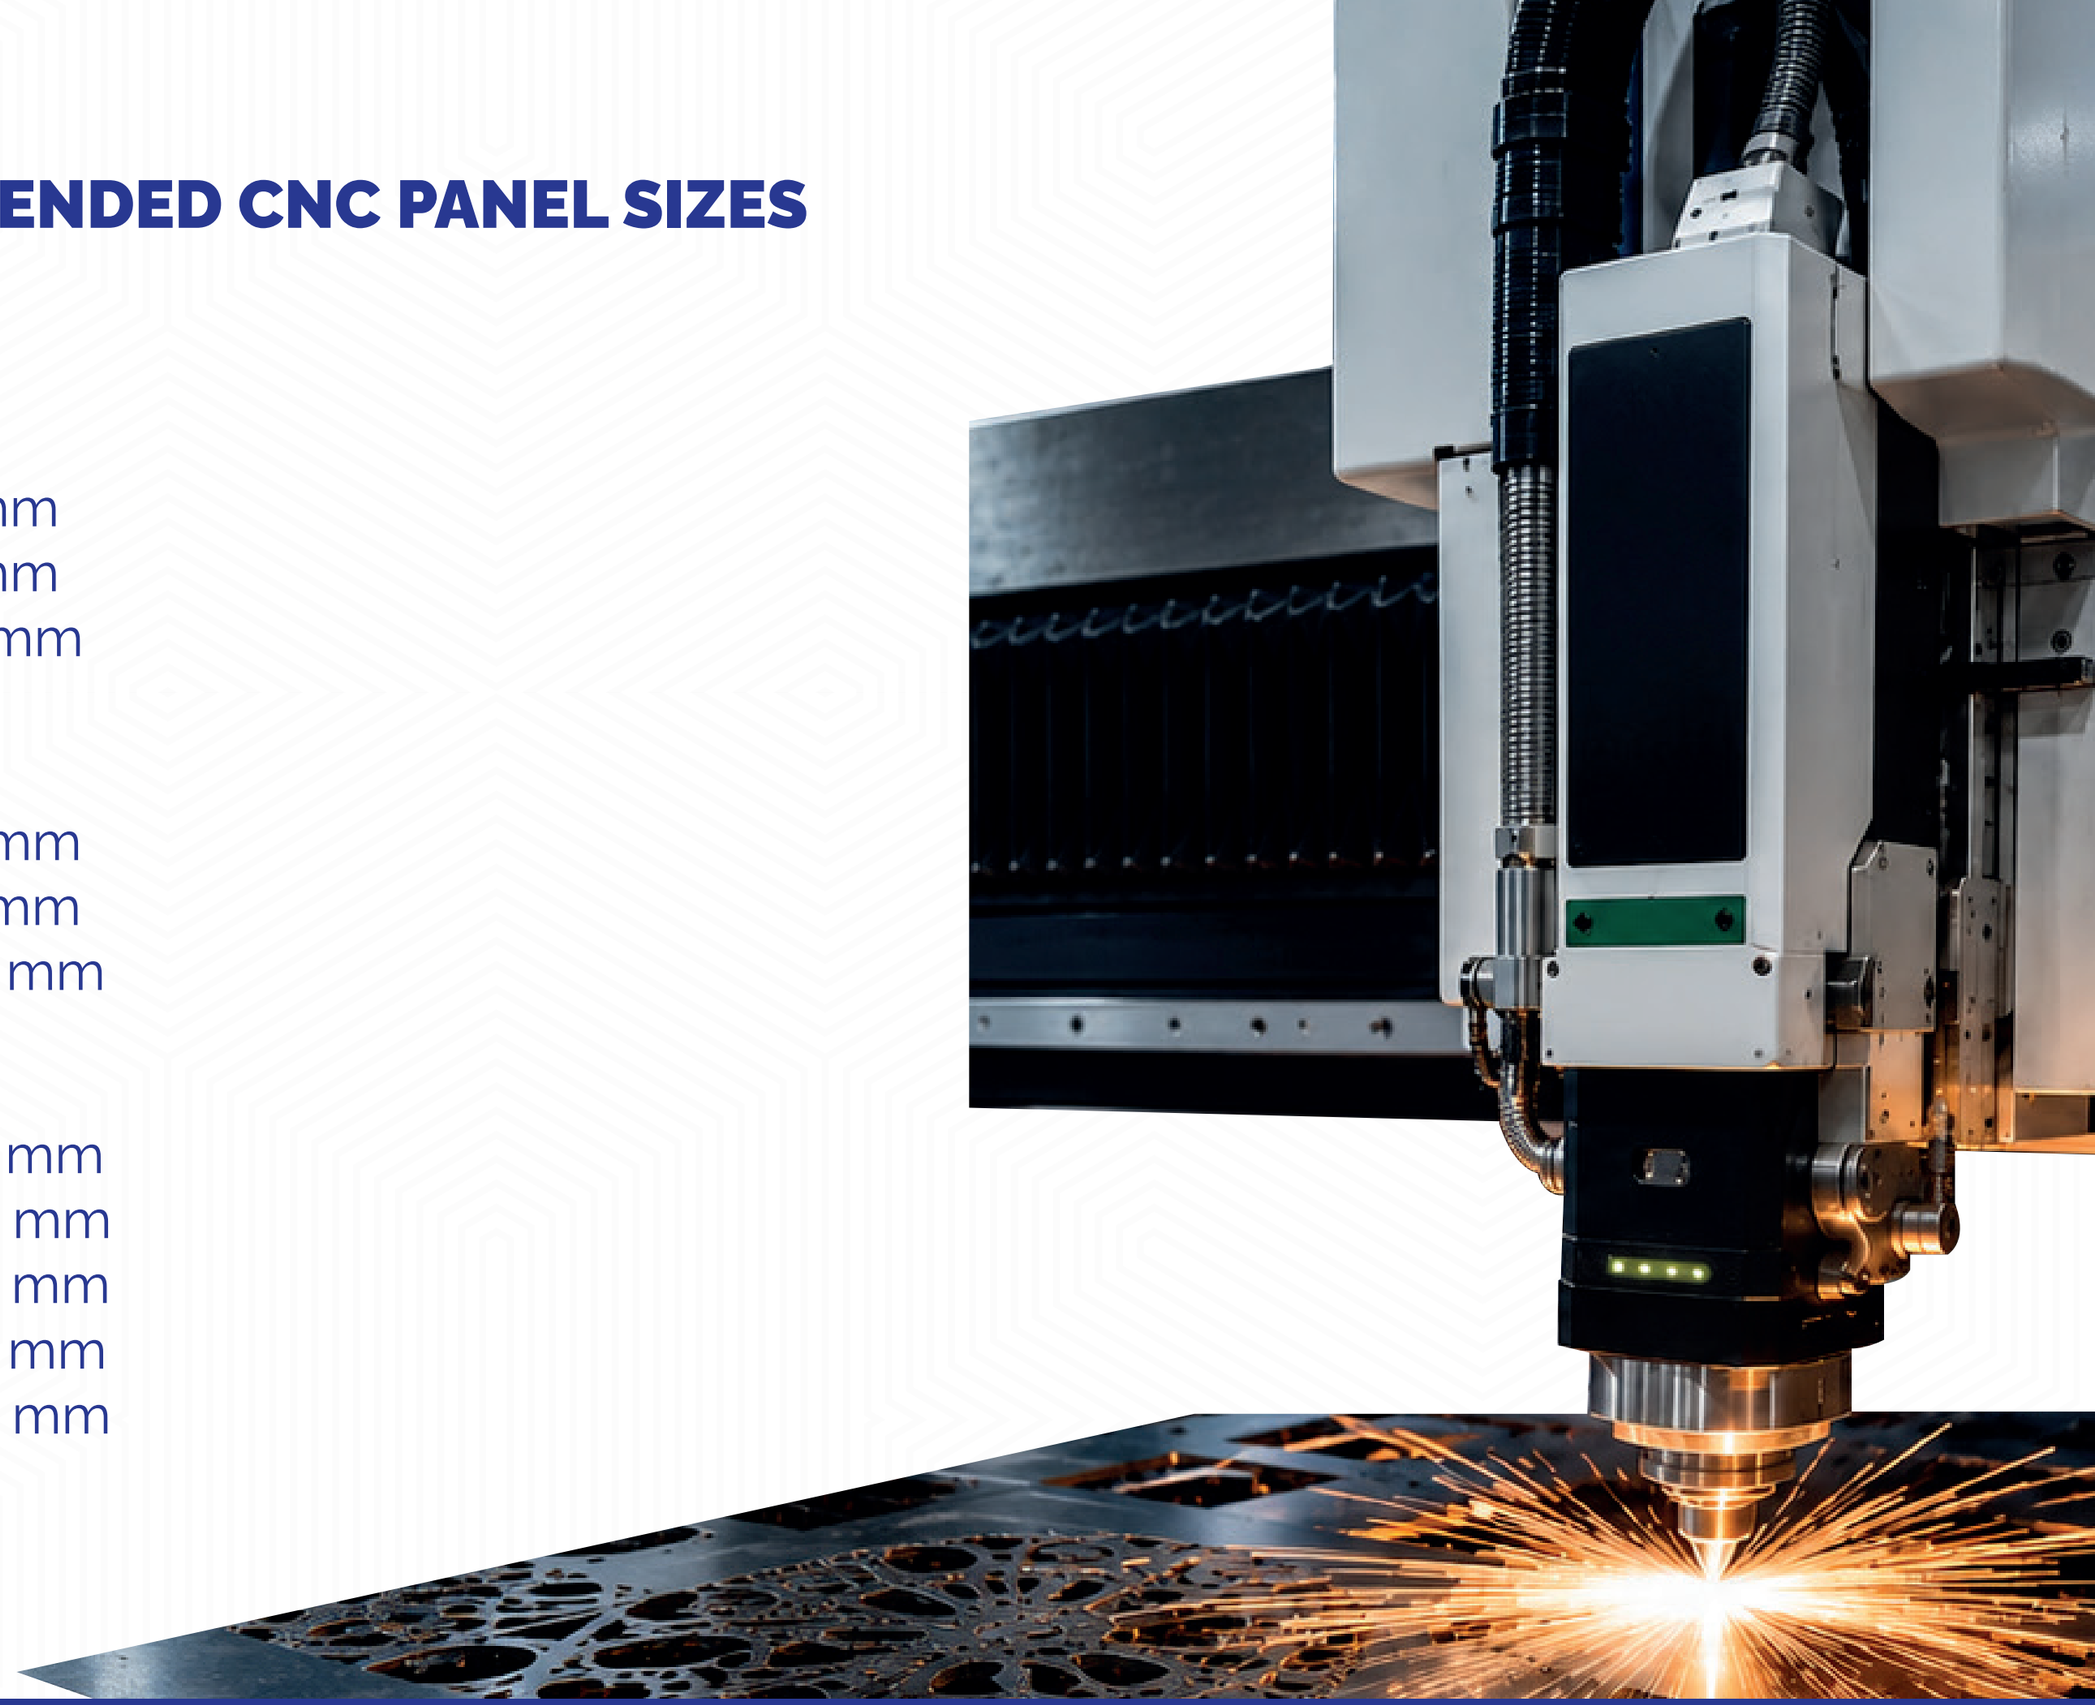
300 × 600 mm
400 × 800 mm
500 × 1000 mm

Medium

600 × 1200 mm
800 × 1200 mm
1000 × 1200 mm

Large

1200 × 1800 mm
1000 × 2400 mm
1200 × 2000 mm
1200 × 2400 mm
1200 × 3000 mm



GLASS, MIRRORS & CNC

glass
#5D85A6

Glass & CNC Solutions
Combining the elegance of glass with the precision of CNC technology, we create unique decorative panels and architectural elements designed to add a modern and sophisticated touch to interior spaces.
Our customized solutions offer a perfect balance between transparency, creativity, and functionality.

CANVAS & CNC SOLUTIONS

Canvas
#3A4D68

Premium canvas artworks combined with precision CNC craftsmanship to create unique decorative wall pieces. Our customized designs blend artistic expression with modern materials, adding elegance and character to residential and commercial spaces.

DECORATIVE CNC CALLIGRAPHY PANEL

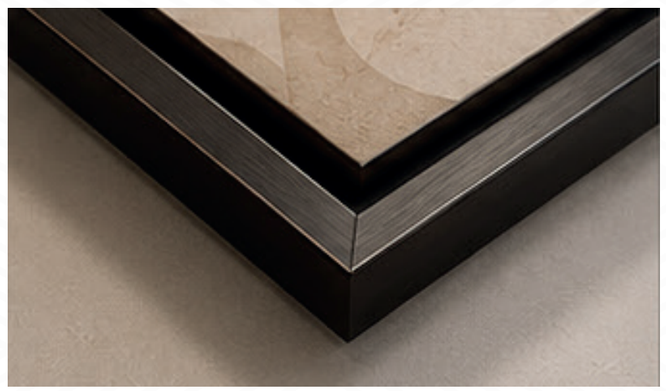
A HARMONIOUS BLEND OF ART & CRAFTSMANSHIP

CNC THICKNESS DOES NOT EXCEED 3 MM

Ultra-slim profile for a refined and lightweight finish.

WARM NEUTRAL BACKING PANE

Subtle tones that highlight the calligraphy beautifully.



SLIM AND REFINED METAL PROFILE

Minimalist metal trim for a contemporary premium look.

CNC Wall Art

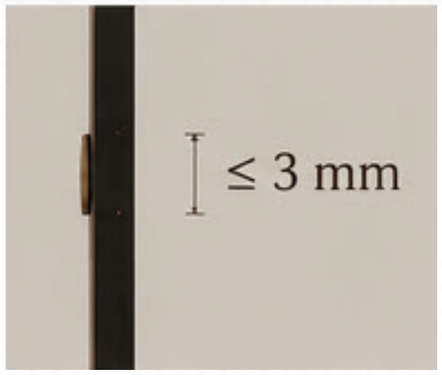
Elegance in Every Detail

Premium CNC Craftsmanship

The lettering is precisely cut using CNC technology from high-quality metal and mounted on a printed art panel.

Fade-Resistant Print

High-quality UV printing provides long-lasting colors and sharp details.



Ultra-Slim Design

The total thickness of the CNC lettering does not exceed 3 mm, ensuring a sleek and modern appearance.

Suitable for Any Space

Perfect for living rooms, offices, reception areas, and more.

CANVAS + CNC WALL ART

CANVAS & CNC COMPOSITION

This wall art combines a textured canvas background with precision-cut CNC metal elements mounted above its surface. The layered mountain design forms the artistic base, while the raised bird elements add depth, soft shadows, and a refined three-dimensional appearance.

CANVAS (BACKGROUND)

Textured canvas with layered mountain design

PRECISION-CUT BIRD DETAILS

CNC THICKNESS DOES NOT EXCEED 3 MM
